

Post-Winter Storm Bulletin

Updated at 10:30 am – 12-28-09

I-80 is OPEN across Nebraska

Some highways in eastern Nebraska remain closed due to drifting.
State crews are working on them, and hope to have them open today.
Special equipment is required to clear drifts. An anticipated time for clearance is not certain.

You may encounter some icy patches
Drive with caution

Check 511 resources below to view specific closures

TRAVEL may still be DIFFICULT in some areas – BE PATIENT – ANY VEHICLE will SLIDE ON ICE

Always use several resources to check conditions BEFORE you decide to travel
For regular travel info, check 511 by phone (511 or 800-906-9069) and follow the prompts or by web
www.511nebraska.org

Use the icons on the website to check for observed conditions/closures/delays.
Hover your mouse over an icon and click for details.

Or click to zoom one level and use the colored highways to determine general observed conditions for the area you will be driving in.

[Check weather links BEFORE you travel by clicking HERE](#). Look for warnings, watches and advisories.

Use a search engine to check TV, radio & newspaper sites in your travel area. Conditions can and do change rapidly. Check your resources frequently.

If you are in need of emergency roadside assistance, you can dial the Nebraska State Patrol Highway Helpline, when safe to do so at *55 on any cellular phone or 1-800-525-5555 from any landline.
